2020 DUMPSTER / BULK CONTAINER PERMIT REQUEST

Bulk containers are defined as a receptacle intended for the temporary storage or disposal of bulk materials generated from a special use or project associated with a residential, commercial, or industrial property. Bulk containers include dumpsters, roll-offs, PODS, bagsters, compactors, semi-trailer boxes, and similar containers.

Bulk containers placed on private property, at least five (5) feet from all property lines, do not require a permit prior to placement, provided the container complies with the regulations listed below. A permit request must be submitted to the city for consideration of placement of a bulk container on city property or public right-of-way. Permits will only be granted if the city deems there are special and unique circumstances or topography which prevent the bulk container from being placed on private property and placement will not impede traffic, cause a safety hazard, or damage a city street, sidewalk, and/or right-of-way. Permits may take up to 5 business days to process, so please plan accordingly.

All bulk containers must comply with the regulations listed below, unless otherwise approved by the city.

- Containers must be supplied by a city licensed waste hauler or company
- Containers must be sized appropriately to contain all materials and lid must be able to close, if applicable
- Containers are limited to 1 per property; 2 containers allowed for construction of a new residential home
- Containers must be removed within 30 days after issuance of the city permit; 6 months allowed for construction of a new residential home

Applicant Acknowledgement and Signature	
<p>The undersigned has read and agrees to abide by the city's bulk container ordinance and regulations. The undersigned understands that this permit request will be processed in accordance with established city review procedures at such time as it is deemed complete and no bulk container may be placed on city property prior to issuance of a permit. Failure by the applicant to supply accurate and necessary information as requested by the city may be cause for denying the permit. The undersigned hereby understands that if the city finds that a bulk container is not in compliance with city ordinances, the city may make arrangements to have the bulk container removed. The undersigned hereby applies for this permit as stated on this form and declares that the information provided is accurate and complete, to the best of their knowledge.</p>
