BUSINESS

DISCUSS POTENTIAL PARK AND RECREATION PROJECTS FOR 2017

Assistant City Administrator/Planner Taylor reviewed the list of potential projects for discussion. A total of six project areas were noted, including Lakeside Park, Barker's Alps Park, Perro Park, St. Croix River, Downtown Corridor, and the Greater Community. Planner Taylor reviewed details of the specific improvements in each of the project areas, noting the improvements were selected for discussion because they were included in the city's master park plans or previously mentioned by the City Council as esthetic enhancements the city may want to consider implementing at some point in the future. Discussion followed on available funding and cost estimates for the various improvements. It was the consensus of the City Council to schedule a workshop later this month to continue discussion on this topic, as well as review the city's sign ordinance for potential updates and review the landscape plan for the new municipal parking lot. A tentative workshop will be planned for mid to late April.

ADJOURNMENT

It was moved by Councilmember Carlson and seconded by Councilmember Hanson to adjourn the workshop at 6:00 p.m.
